PA System

The Public Addressing System is used to play Music through the speakers, which are spread over the entire building. The speakers are grouped in zones. The speakers are designed to serve multi-purpose. The music can be played in normal conditions. Any general announcements or emergency announcements can be made through these speakers.

The Public addressing system comprises of,

• MICROCONTROLLER BASED CONTROL CONSOLES TO MAKE ANNOUNCEMENTS AND TO PLAY SOFT MUSIC (5 zones to 200 zones).

• MICROCONTROLLER BASED CONTROL CONSOLES TO HAVE EMERGENCY COMMUNICATION. TALK BACK CONSOLES.(5 zones to 50 zones).
